

## Graphic Design Intern

At Gould Evans, we believe partnership is about the expression of individual talents brought together through a shared vision. We seek employees and clients who share our values of intellectual curiosity, collaboration and passion for meaningful design outcomes.

Our portfolio is intentionally diverse – in project type, scale and location - to encourage innovative, critical thinking and discourages a formulaic approach. Above all, we work to create transformative, engaging and sustainable solutions that support our client' missions.

Currently, we have more than 150 associates across our Phoenix, San Francisco, Kansas City, Lawrence and New Orleans studios.

We are looking for candidates that are energetic, talented, and open to adventure to support our Kansas City studio for summer 2018.

Primary responsibilities include;

- Assist our creative team with 2D design of logos, print collateral, menus and more as well as 3D design of signage, wayfinding and environmental graphics.
- Contribute creative concepts during brand development, programming and conceptual design.
- Preparation and edits of client presentations.
- Preparation of production files and/or signage construction drawings.
- Collaborate with the variety of disciplines within the office (graphics, interiors and architectural).
- Keeping up-to-date with popular culture, trends and industry news.
- Conducting research such as market, competition, inspiration, precedent, stock imagery, etc.
- Proficiency in – Adobe CS6, including Illustrator, Photoshop, InDesign & Acrobat, as well as Microsoft Office & MAC platform
- Knowledge of Google Sketchup and other 3D modeling programs, Revit, and AutoCad a plus.

This is a paid internship beginning in summer 2018 and potentially into the fall. 20-35 weekly hours are required, with flexibility to accommodate an academic schedule. Internship may also be applicable for school credit.

We are seeking candidates with;

- A goal of obtaining a Bachelor's or Master's degree in Graphic Design or related design field.
- Interest in learning about and developing skills in 2D and 3D graphic design including environmental graphics and signage.
- Strong understanding of typography and color.
- High energy level, exceptional organizational skills and a keen eye for detail
- Multi-Task / Multi-Project oriented with the ability to change gears quickly
- Initiative in everyday tasks as well as development of personal and studio goals
- Strong analytical, problem solving skills
- Range of design aesthetics and flexible with design styles
- Ability to work independently and as part of a team
