

Environmental Graphic Designer

Canary is a unique graphic, branding and environmental design studio within Gould Evans, a national architectural firm.

Canary brings experience working in both public and private sectors and offers a portfolio including brand development, print media, environmental graphics, and interior architecture.

We are looking for candidates that are energetic, talented, and have a desire to work as part of a collaborative open environment design studio in Phoenix, AZ.

Primary responsibilities include;

- Conceptual design and design detailing of signage, wayfinding and environmental graphics/branding intent packages and production files, brand development and graphic design.
- Ability to read floorplans, ceiling plans, and elevations to evaluate client's signage needs and develop sign schedule/program for wayfinding and brand integration.
- Work collaboratively within our studio, encouraging and challenging one another across disciplines toward more innovative solutions to our clients' design challenges
- Collaborate with clients to determine their vision, purpose and function for the environment, budget, and end outcomes.
- Integrate findings with project-specific research and knowledge of graphic and environmental design, formulating solutions that are grounded in best practices yet unique to the client's needs.
- Project management including client coordination, consultants, signage fabricator/installation, budget tracking and cost estimates, and design directing of internal team members.
- Proficiency in – Adobe CS6, including Illustrator, InDesign, Photoshop, & Acrobat, and Microsoft Office
- Knowledge of AutoCAD, Revit, Google Sketchup, 3D Max, Podium or equivalent preferred.

This is a full-time position which includes generous benefits such as vacation time, sick time, medical, dental, vision, life and disability insurance as well as participation in a 401(k) and employee stock ownership plans.

We are seeking candidates with;

- A minimum of 5 to 7 years of relevant environmental graphic design experience
- Collaborative, team-based approach to problem solving and a propensity to explore multiple solutions to a given problem.
- Strong knowledge and passion for three-dimensional design including concept generation, creative solutions, 2D and 3D design skills, messaging, typography, color, materiality and fabrication techniques and detailing
- Demonstrated ability to think in visual terms, to communicate, illustrate and present ideas effectively, and to work with project teams through challenging problem-solving exercises.
- Understanding of architecture and/or interior design preferred
- Bachelor's or master's degree in graphic, industrial, interior, architectural design or other related design field
